Orderman acquisition of Orderman GmbH and development plans for the future of Hospitality Sector

Orderman Italia SRL (Italy) and Orderman GmbH (Austria) have come to an international buyout agreement with NCR Voyix Corporation (NYSE: VYX) for taking over 100% of the shares of Orderman GmbH and its business, dedicated to the development, production and distribution of digital systems and solutions for the Hospitality Sector in parts of Europe (Restaurants, Cafes, Hotels).

Thirty years ago, Orderman introduced the first handheld terminals for order taking in hospitality based on radio frequency, which soon became a reference standard in the sector. Since then Orderman, thanks to its know-how, experience, patents, and technological skills, has been synonymous with innovation for hospitality and restaurant operators.

The new player, with direct offices in Austria, Germany and Italy, has a consolidated annual turnover of 20 million euros and 950 resellers, mainly in Germany, Switzerland, Austria and Italy.

The acquisition perfectly meets Orderman's commitment to maintain its role as market leader and technological reference for the industry.

The team of professionals who supported the Orderman Italia management in concluding this operation include the consultants of Madison Corporate Finance as M&A advisor, Ernst&Young for the financial and tax due diligence, and Giovannelli e Associati as legal consultants.

Stefano Casarin, former CEO of Orderman Italia, will lead the new Orderman group supported by Sascha Giacomuzzi as new Chairman.

Christian Korneli, former Sales Manager of Orderman Austria, was appointed as CEO of the Austrian entity.
